FROM OUR PRESIDENT

Dear valued Cigna members,

I hope you're enjoying the warm summer weather. With longer daylight hours, it's a great time to get outdoors and soak up some sunshine. The sun is the best—and only—natural source of vitamin D, and it's a proven mood booster. But in spite of its benefits, you have to be careful to avoid sunburns, heat stroke and more. For some sun safety tips, check out page 4.

Also, as we are in the middle of the year, it is a good time to make sure you have visited your doctor for your annual wellness visit. In this visit, you can talk to your doctor about how you are feeling and learn about ways to stay healthier during the year. Sometimes you may receive screenings to ensure you stay healthy.

We are here to help you. If you have questions about your plan, just give your Service Coordinator or Member Services a call.

Have a great summer!

Dee Cavaness
Interim Medicaid Plan President
Cigna Medicaid

LOOKING FOR COMMUNITY RESOURCES?

We can help! Cigna STAR+PLUS Members have access to a website that helps you find programs and services, like low-cost housing, food, education, transportation and more, to help you get through tough times.

Here's how it works:

Go to cignatxsp.auntbertha.com and enter your zip code. Then use the icons to find the services you need. If you have questions, please contact Member Services or your Service Coordinator.

TRANSPORTATION SERVICES UPDATE

Starting June 1st, Cigna will offer Nonemergency Transportation (NEMT) services.

NEMT services provides rides to health care appointments. It's for members who have no other transportation options. This benefit includes rides to the doctor, dentist, pharmacy and other places you get Medicaid services. These trips do not include ambulance rides.

Do I have to pay for NEMT?

No. Cigna has arranged for our transportation vendor, Access2Care, to provide NEMT services at no cost to you.

What transportation services are included?

- > Public transportation (city bus passes)
- > Mileage reimbursement
- > A taxi or van service
- > Wheelchair van

What information do I need to schedule a ride?

- > First and last name of the person with the appointment
- > Medicaid ID number for the person with the appointment
- > Address where you would like to be picked up (usually your home address)
- > The best telephone number to reach you
- > Address and phone number of your appointment location
- > Name of the medical professional you will be seeing
- > The type of provider you will see (such as primary care provider, specialist, behavioral health, dental, etc.)
- > Date and time of the appointment
- > Whether you will need to arrive early (for paperwork or getting around a big facility)
- > If you will be traveling alone or if someone will be traveling with you
- > Any needs you may have, like using a wheelchair or walker, so the right type of vehicle will pick you up

Additional Information

Emergency ambulance trips are not arranged through Access2Care. If you need immediate treatment, please call **911**.

For our members who live in a nursing facility, please continue to work with your facility on arranging transportation needs.

Questions? Please call Member Services.

Call **1-877-653-0327**,
Monday to Friday,
8 a.m. to 5 p.m.
Central Time

SUMMER SAFETY TIPS

DRINK OFTEN

Make sure to stay hydrated in the summer heat. Drink plenty of water throughout the day, and avoid sugary drinks. Replace salt lost from sweating with fruit juice or sports drinks.

LIMIT EXPOSURE

Head outdoors when the sun's rays are the weakest: before 11 a.m. and after 4 p.m. Watch out for cloudy weather—you can still get sunburned.

APPLY SUNSCREEN

Protect your skin. Apply at least a 30 SPF sunscreen 15 minutes before you go outside. Look for a sunscreen that protects against both ultraviolet A (UVA) and B (UVB) rays. Reapply it every two hours, even on cloudy days, and after you swim or sweat.

PROTECT FROM SUN

Wear a hat to shield your face, and wear sunglasses to protect your eyes. To prevent eye damage, choose sunglasses with UVA/UVB protection and polarized lenses. Wear tightly woven, loose-fitting cotton clothing.

STAY CLEAR OF BITES

To help prevent bug bites, use an insect repellent.* Wear a long-sleeve shirt and long pants when in wooded or grassy areas. To treat bug bites: apply a cold compress for a few minutes, and then use calamine or hydrocortisone ointment to help stop the itch.

* Texas Health and Human Services covers some mosquito repellent products at no cost. To learn more, visit starplus.cigna.com/members/pharmacy.

FOUR TIPS TO HELP PREVENT FALLS

Falls are the leading cause of injuries among older adults. Talk to your doctor, family or friends, and make a plan to learn more about how you can help prevent falls. Here are some helpful tips.

1 | Preventive Exams

Being able to see, hear and walk comfortably can prevent falls.

- > If you have a hearing aid, be sure it fits well and wear it.
- > Have your eyes checked by an eye doctor at least once a year. Conditions like cataracts and glaucoma can limit your vision.
- > Have your doctor check your feet once a year and discuss proper footwear.

2 | Safety at Home

Half of fall accidents take place at home. Take steps to create a safe home environment.

- > Create clear pathways in your home by removing clutter and electrical cords.
- > Replace area rugs with non-skid carpets.
- > Add lights in hallways, stairs and bathrooms.
- > Install grip bars in your shower and tub, and add handrails near steps and stairways.
- > Keep frequently used household items on lower shelves and cabinets.

3 | Exercise & Diet

Staying healthy and active can also help prevent falls.

- > Try exercises that make your legs stronger and improve your balance.
- > Eat a balanced diet to maintain a healthy weight.
- > Get enough sleep. If you are tired, you are more likely to fall.

4 | Medications

Ask your doctor or pharmacist to review the medicines you take. Some medicines, or combinations of medicines, can cause side effects that increase your risk of a fall.

If you have a fall, be sure to let your doctor know. A fall can be a sign of a new medical condition, problems with your medications or as simple as a change in your eyesight.

PREVENTIVE SERVICES to Complete this Year

Have you taken advantage of your covered health care plan benefits?

It is now mid-year and we want to make sure you get the health screenings and exams you need.

Preventive screenings can help prevent future health issues down the road. It is also important to visit with your doctor so he or she understands how you are doing.

Before the end of the year, talk to your doctor about which covered health care services are right for you. You may want to schedule:

- > Annual Exam
- > Colonoscopy
- > Cervical Cancer Screening
- > Mammogram
- > Podiatry
- > Hearing Screening
- > Eye Exam

WE WANT TO HEAR FROM YOU!

Cigna invites you to join our Member Advisory Group. We meet each quarter to learn what our members like about their Cigna health care plans. We also talk about what we can do to make your experience even better.

Sign up today!

Call Member Services to ask how you can join this meeting by phone. They can also help you sign up for any other member events.

Call **1-877-653-0327 (TTY: 7-1-1)**, Monday to Friday, 8 a.m. to 5 p.m. A Member Service Representative will work with you to reserve a spot for the meeting.

DO WE HAVE THE CORRECT PRIMARY CARE PROVIDER (PCP) ON FILE?

It is important that Cigna has the correct PCP you are seeing on file. Please take a moment to look on the back of your Cigna STAR+PLUS ID card and see if the PCP listed is the PCP you are currently seeing. If it is not the same PCP, call the number listed on your card and request the PCP to be updated.

CIGNA COMMUNITY EVENTS

Cigna provides community events throughout the year on many health topics. These events are for members, providers and the community at large. View the full list on our website. Go to: starplus.cigna.com/updates/events
